

## Hello Poppy Class

I hope you are all enjoying time at home with your families, and enjoying the sunshine from your garden or window 😊

Remember, it is important to do a little bit of work, something active and something that makes you smile each day.

Perhaps you could teach your family 'Peer Massage'? Maybe your pets would enjoy it too!

Take care, keep smiling and hope to see you all soon 😊

Lots of Love, Mrs Fletcher

Dear Parents and Carers,

I hope you are all well and enjoying time with your children.

During this time, it is really important that you look after each other. Your child may be scared or anxious with all the news and changes to their normal routine. Remember that your child is in a different environment for learning. At home, they would normally enjoy spending time with you and your family and it isn't normally the place where they would complete lots of learning activities (like they do at school). We don't want either of you (parent or child) to be put under too much pressure to complete all the activities suggested – they are suggestions and not a to-do list.

Your child's happiness and well-being is of most importance to us, so please follow your child's lead. Some days they maybe less willing to complete tasks, this is ok.

Please find on our class page some suggestions for activities and tasks. You will also find some websites that are offering free resources. Enjoy the sunshine and take care.

Mrs Fletcher
