

## Poppy Class Activities

Please find below a table of activities. These activities are suggestions of things you could do with your children or as a family. Please do not feel obliged to complete all of the activities. Children will enjoy doing different things, and sometimes they can learn more from spontaneous experiences. If possible, please keep reading with your child each day. I would say this is one of the most important skills that our children need to continue to develop during this time away from school. It would also be beneficial if you could practice spellings with your children. I will add a list of 'Year 2 Common Exception Words' to our class page. Also, if possible, could you please regularly practice adding and subtracting 1-digit and 2-digit numbers. These are suggestions only. I, as a parent, understand the challenges we are facing at home. So please only do what you can.

<p>Draw a new front cover for one of your favourite books.</p>	<p>Help prepare a meal or bake a cake. Can you list the ingredients and write the instructions?</p>	<p>Write a letter to your favourite book character.</p>	<p>Write an acrostic poem using the word mess, mixture or materials.</p>

Write a story.  
Remember your story should have a beginning (introduction), a middle (problem) and an ending (solution).

Write a book review about the last book you read.

Make paper aeroplanes. Can you measure how far they fly? Record the distances your aeroplane travels.

Can you find 6 adjectives in the story you are reading?
