

Hello Poppy Class

I hope you are all well and enjoying the glorious weather. Have you been playing in your garden or going for walks? We have been exploring everyday, searching for new signs of spring. We have seen lots of lambs and we found 15 different types of flowers on our walk yesterday!

Did you read our letter from Paddington Bear? I wonder where he will visit next on his travels?

I hope you have enjoyed doing some of the tasks on our class page. I can see a few of you have been doing the activities on 'Purple Mash'. Well done! I really enjoy looking at your completed tasks 😊

I have set some '2 do' tasks for you on Purple Mash, such as phonics, science, PSHE, guided reading and topic tasks. These tasks are short and you should only need a little help completing them.

The government have also introduced an online classroom, created by teachers. The 'Oak National Academy' provides video lessons and follow-up tasks for Maths, English and foundation subjects. There is the option to follow a scheme or you can select which lessons you would like to access. This is a free resource www.thenational.academy
Please take a look.

Please remember to keep reading, keep active and enjoy the sunshine 😊

Love From
Mrs Fletcher 😊
