

Happy Easter!

Here are a few fun Easter activities for you to do together:

- Make an Easter card and post to someone you won't be able to see over Easter
- Design an Easter egg
- Have an Easter egg hunt!
- Treasure hunt! You could hide some 'treasure' for the player to find. First decide on the treasure and where you are going to hide it. Work backwards writing a series of clues/riddles that the player has to solve to find the treasure.
- Look for signs of spring in your garden and make a list
- Bug hunt! Look for bugs in the garden. Write a list and make a tally of the bugs you find. What is the most popular bug in your garden?
- Draw your favourite flower or bug in your garden
- Collect natural objects such as sticks and stones and make a picture. Look at the artist 'Andy Goldsworthy' for inspiration.
- Make a rabbit/chick mask or headband and sing an Easter song.
- Decorate a hardboiled egg. There are lots of designs and top tips online.
- Pinterest has lots of Easter craft ideas and so does Twinkl. See Mr Woodward page for login details
- Can you hop like a rabbit, walk like a chick? Make an animal pose (animal yoga)
- Play egg and spoon race or invent your own Easter themed game.
- Baking- <https://www.bbcgoodfood.com/recipes/collection/easter-kids> has some lovely ideas!
- We have set some spring themed activities on purple mash. See purple mash '2do's.

We hope you are all ok and enjoying spending time with your family.

Take care and stay safe,
We are missing seeing you all!

Mrs Cox and Mr Ford
