

Friday 15th May

Be a story teller! Today you are going to tell your story to an audience. This could be an audience at home, via video call or over the phone. Make sure you tell your story with a clear voice and read with expression. Take a big deep breath...you can do this!

We would love to read your stories. Can you email us a copy or photo of it? We have loved reading your emails and seeing what you have been doing.
