

Half term holiday ideas

Paper airplane

How many different types of paper airplane can you make?

Which one travels the furthest?

Set up camp

Make a den

Fly a homemade kite

You will need-

Paper, string, tape, sticks

Make nature rubbings

Take pieces of paper and wax crayons or pencil crayons when you go for a walk. Place the paper on different natural objects and rub. The side of a wax crayon works best!

Memory game

Collect a range of natural objects and place them on a tray or the ground. Cover with a cloth and ask players to close their eyes. Remove one object and then remove the cloth. What is missing?

Scavenger hunt

Go for a walk, what can you find?

There are lots of different scavenger hunt checklists online. You might want to choose one that asks you to look for lots of things or more a specific such as look for certain flowers or trees. You Whatever you decide, have fun searching!

Balance stones

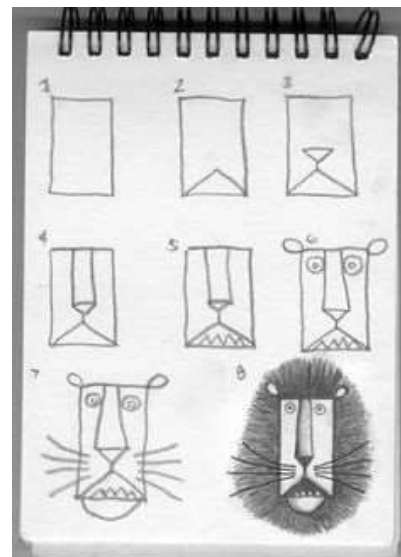

Collect lots of stones and see how many you can stack?

Paint rocks

Draw or paint pictures on stones. You can use them to tell a story or even add decoration to your garden.

How to draw

Have a go at learning how to draw something new. You tube - 'how to draw' gives step by step videos

Also on you tube - 'Disney parks how to draw' has some wonderful ideas.
