

Monday 11th May

This week we are going to be musical!

Body percussion

Today we would like you to see how many ways you can make sounds using your body. Tapping, clapping, clicking, humming, stamping are just a few.

Make a little tune using your body.

Writing activity

Have you been going on lots of walks? I have enjoyed exploring the local area where I live. I went for a walk with my dog, it was a beautiful day. He loves to chase sticks and brings them back but this time he didn't bring a stick back, it was a golden ball!

Where did he find it?

Who does it belong to?

Imagine you have been on a walk and found a golden ball.

We would like you to make a mind map. Write golden ball in the centre of a piece of paper and write your ideas coming out of the word. Similar to how you did it before.

Think about-

Where you found it

What it looks like

What it is made from

What it feels like

What you are going to do with it now

Who it belongs to

How it got there

Use your imagination and be as creative as you can!
