

Tuesday 2nd June

Today we would like you to choose a minibeast that you found yesterday and do some research to find out more about it.

Where does it like to live?

What does it eat?

How does it move/see?

How does it survive?

Writing a fact file about your chosen minibeast.

See fact file template. There are also some fact file cards to look at if you need them.

Play what minibeast am I?

Choose a minibeast and describe it without saying what it is. How many clues can you give before the other players guess what minibeast you are thinking of?
