

Wednesday 13th May

Today you are going to start writing your story. Remember to start your story with an story opener such as 'once upon a time' or 'one hot and windy day' use your story plan to help when writing and try to include as much detail as possible with lots of lovely adjectives. Remember all of those skills we have learnt so far and try to include them, such as interesting connectives, expanded noun phrases and paragraphs. Reread your work regularly to check that it makes sense.

Reading

Activity- performance time! You can choose to either read a story or poem to your family using lots of expression or act out a story. You could have a look for objects you have at home to use as props. Have fun!

You will also be performing your story at the end of the week so this is great practise!
