

Wednesday 3rd June

Minibeast observational drawing

If you can find your chosen minibeast again, do an observational drawing, if not, copy an image from a book or online. Look very closely and sketch the outline and look for shapes. Just like when we did our elephant drawings. You might choose to just draw and shade in pencil or you might add colour. Have fun!

Reading comprehension

See minibeast reading comprehension. Choose the level of difficulty that best suits your child. Try to answer the questions the best you can and remember to reread and underline/point to important parts in the text.
