Password: StJames

See letter for instructions.

DAD'S LOOK AWAY!!

Its Father's Day on Sunday. So have a go at creating something for your Dad or someone special in your family like your Grandad or Uncle. You could create a card, write a poem, draw a picture etc. I've attached some other Father's day activities for you to look at.

Practise lots of phonics and letter formation. Play on phonics games (Phonics play is a good website, use phonics apps, use the flash cards I've uploaded, watch Alphablocks, use chalk outside to practise writing your letters and sounds.)

Our new topic would now be 'Big lights, Big City' so we'd be looking a lot at London, cities and countries around the world.

Label the four countries that make up the UK. See activity sheet or complete it on the 'label the countries' game on bbc bitesize

<https://www.bbc.co.uk/bitesize/topics/zyhp34j/articles/z4v3jhv>

Have a look at the map of the UK and introduce the four different countries that make up the UK.

Go to the 'Let's explore the UK' page on bbc bitesize, where you can learn all about the countries in the UK and their capital cities and some landmarks.

Watch Go Jettors Series 1: 26. Big Ben, England to explore our capital city.

Have a go at tracking the weather in the four capital cities of the UK (London, Edinburgh, Cardiff, and Belfast) over the course of this week using <https://www.bbc.co.uk/weather> to see how the weather differs throughout the UK.
