

## Weekly activities

Starting Monday 22nd June

Hello Y4s!

I hope you are all having a lovely week so far. I am back in school next week, as we welcome back some of the Y6s. We miss you all very much! I have seen some of you whilst out walking with my two Basset Hounds (Emmy and Lottie). I have received some lovely emails! It seems everyone is loving the **Blue Abyss** topic!!

What stormy weather we have had this week! As I write this, I have just heard the rumble of thunder!!

Still continue to to email if you have any questions, or just to say hello! [violets@st-james.derbyshire.sch.uk](mailto:violets@st-james.derbyshire.sch.uk)

I can't wait until we can all see each other again!

Love, Miss W xxx

## Monday 22nd June

### Spelling

Look at the class page.

There are 3 parts to look through.

They are all **Look/Say/Cover/Write/Check** sheets.

Please work through all 3 sheets (10 per sheet) at your own pace this week. This is important, as it consolidates all of the learning you have done in after half term.

### Maths

Monday's daily 5 questions (Bronze challenge).

**Recap your learning of pounds and pence.** The orange circle is the easiest (p.1 and 2), the two green triangles (a bit harder on p.3 and 4) and the 3 blue pentagons (even harder on p.5 and p.6).

The answers are all on the last few pages (no peeking)!!

**Too tricky?** Look through the pounds and pence power point (on the class page).

### Blue Abyss - Ocean's information and quiz

Test your knowledge so far! Read through the information as best you can. Then, scroll down to 'test your knowledge of oceans' (and click **play**). Click the link below or Google **Oceans BBC Bitesize**

<https://www.bbc.co.uk/bitesize/topics/z849q6f/articles/zmqwscw>

## Tuesday 23rd June

### **Maths**

- 1) Do Tuesday's Bronze daily 5 questions.
- 2) TT Rockstars (at least 20 minutes).

### **Art and Craft**

<https://www.bbc.co.uk/news/live/uk-england-52534522>

Be inspired to create your own puppet show! The link above is for a video on the BBC News website **Honouring our Lockdown Community Heroes!** One of which, is the **Little Angel Theatre Company**. They have been entertaining children with their puppet shows, which are entirely made from cardboard lying around the house!

Can you make your own puppet characters for a show? It could be based around sea creatures (to fit with our wonderful Blue Abyss topic)!

### **Writing**

Can you write a script to go with your puppet show? Send it to me by email (take a picture, or type it on a word document).

## Wednesday 24th June

### **Reading activity**

Look at **Miss Trimble's legendary trip** on the class page (four pages long). Read through (with a sibling, or family member if you're unsure).

**Now, answer the questions based on the text.** Write them down on a scrap piece of paper (answers are on a separate sheet on the class page).

### **Maths**

1) Please log on to Purple Mash and look at the 2Do list for the **Multiplication quizzes** Mrs Southworth has set **or** do Wednesday's Bronze daily 5 questions.

2) **Estimate Money!**

Estimate = a close guess.

We have looked at **ordering decimals last week**, and we have also covered **ordering money in previous weeks**.

Try p.1 and 2. If you're confident, keep going and finish p.3 and 4.

Answers are also on the class page.

### **Computing**

**Can you design a game online?**

Check out the Purple Mash **GAMES COMPETITION 2020** (information pack on the class page). Prizes up for grabs.

## Thursday 25th June

### **Maths**

- 1) Do Thursday's Bronze daily 5 questions.
- 2) Can you try the **SILVER** challenge? See the class page for questions and answers. If you would like to carry on with Silver (instead of Bronze), you can access them online (Google **Corbett maths - daily 5**).

**Feeling like a confident, super star mathematician?** Then try this special challenge! (See the class page for a question page, and an answer page).

### **Spelling practise/Computing**

Choose spellings you have found tricky this week. Create your own word search! See the '**Make your own word search**' document on the class page.

### **Blue Abyss Topic**

Instead of chucking away your empty plastic bottles, create your own bottle submarine! It demonstrates how a submarine works using a bendy straw and reusable sticky tack. Instructions are on the class page.

Watch this **Science video on how submarines work** (by National Geographic Kids).

<https://www.youtube.com/watch?v=Jo6rcffwQLc>

## Friday 26<sup>th</sup> June

### PE

Try Cosmic Kids - Under the Sea!

<https://www.youtube.com/watch?v=qC83oFEeVZA>

We have been doing these at school, and they are a good workout (plus lots of fun).

### Maths/Spelling Punctuation and Grammar (SPAG)

1) Do Friday's Bronze daily 5 questions.

2) **Check out the 2Do list activities on Purple Mash!**

Have you completed all of the activities on the list? Mrs Southworth and I always enjoy seeing your work.
