

Friday 26th June

Today we would like you to design your own garden.

What will it look like?

What plants will you choose? Will they encourage butterflies or bees to visit?

Are you going to have any trees, bird feeders, a vegetable patch or fairy garden? Somewhere for pets and somewhere for your toys. There are so many things you could include in your design.

When Mr Ford was younger he always wanted a tree house so that he could climb up and spy on people coming into his garden. Mrs Cox wanted a large tree to make a rope swing and to climb!

Have fun designing your garden and remember to include a key. We would love to see your designs.
