

Monday 15<sup>th</sup> June

This week we would like you to make a minibeast out of any junk that you have at home. This could be an ant made out of egg boxes and pipe cleaners or a bee made out of a toilet roll tube. See examples below for ideas. We would love to see what you make!

Today we will be learning about different types of sentences.

Statement, command, question, exclamation

See Power point and activity sheet. You do not have to complete all of the sheets. They increase in difficulty so please choose the most appropriate for your child.
