

Monday 29<sup>th</sup> June

We hope that you have enjoyed learning about minibeasts and finding out about birds in your garden.

Until the end of term, we will have a different theme each week. This week we are going to be learning about a different country. We would like you to choose a country, it can be any country that you would like to learn more about. Will you choose Japan, Canada, Australia or somewhere completely different? Mrs Cox would like to learn more about India and Mr Ford would like to learn about Brazil.

First, we would like you to find where your country is on a map or globe and answer the following questions

What continent is it in?

What oceans and countries are near it?

What is the capital city?

What are the names of the rivers that run through it?

How long would it take you to get there, in a car, on a plane, on a boat or by train?

As you complete the tasks throughout the week, you will form an information/lap book about your chosen country. Think about how you would like this to look.
