

Wednesday 1st July

Your focus today is cuisine and culture.

Indian cuisine consists of a variety of regional and traditional cuisines. The different soil, climate, culture, ethnic groups, and occupations, means that Indian cuisines change depending where you are in the country.

What food do they eat in your chosen country?

Are there any traditions linked to food?

Have you tried any of the food and what was it like?

Culture

Indian culture is full of traditions such as The Namaste, Festive Seasons, Joint Families, Fasting.

In Brazil they have a very special carnival called *Mardi Gras*

Find out about the culture.

This is what we find most interesting and love learning about!

Draw pictures and add information about the cuisine and culture to your lapbook.
