

Dear Snowdrop Class,

Week Commencing 22nd June 2020

Hi everyone, We hope you enjoyed the pirate activities, this week we move on to the sea. Have you been to the sea? It's so amazing and with lots of interesting things to look for. This is a good guide to look up your treasure

finds.

<https://www.countryfile.com/how-to/outdoor-skills/beachcombing-guide-things-to-find-along-the-seashore-and-best-beaches-in-the-uk/>

We have attached a spotter sheet for ticking off what you have found.

Litter especially plastic is a huge problem, not only does it look unsightly it is ecologically bad. Teach all the family to take litter home, if everyone picked up three pieces of plastic every time they visited a beach it would make a massive difference.

<https://www.kidsagainstplastic.co.uk/marine-litter-hunt/>

How about making your own scuba mask ready for your sea exploring.

If you haven't posted a recent update and wanted to share a photo you can upload it to EExAT or send it to our class email address - [snowdrop@st-james.deryshire.sch.uk](mailto:snowdrop@st-james.deryshire.sch.uk)

Take care and stay safe. Mrs Kennett and Miss Taylor.

# Rockpool Life Spotter

Which things have you seen? (tick the circles)

blenny

mussel

sea stickleback

starfish

seaweed

cuttlefish

sea slug

shrimp
