

What would you put in a time capsule?

Imagine that you have to choose six objects to put in a time capsule. These objects will be discovered 100 years from now by someone your age. They will give this person information about your life as it is now.

What would you put into the capsule? Remember that objects cannot be too large. Why have you chosen these objects? Give your reasons.

Tip: Write down your ideas first as bullet points, then rewrite them below as sentences with proper punctuation.
