

Dear Snowdrop Class,

Week Commencing 6th July 2020

For this week's challenges we are off on an adventure into space. So put on your spacesuit, pack a bag with everything you will need and head over to the school website to find your space challenges.

There are some great space themed song on YouTube. Follow the links below.

The Solar System Song.

Learn some fun facts about each of the planets.

https://www.youtube.com/watch?v=BZ-qLUIj_A0

Space Song Rocket Ride

The galaxy is huge, take a look.

https://www.youtube.com/watch?v=SAHy_2IFFGA

- You can watch the NASA International Space Station live on YouTube <https://www.youtube.com/watch?v=nA9UZF-SZoQ>
- Did you know some astronauts live in space for months at a time? Join Jessi and Squeaks for a tour of the International Space Station and learn what life is like in low gravity! <https://www.youtube.com/watch?v=SOCixRhRGDw>
- Find out what Astronauts do <https://www.youtube.com/watch?v=jhD8GFwy734>

Space Art

We tried these way resistant pictures in the hub at school last week and they turned out great.

Using wax crayons draw a space scene including: planets, rockets, stars, the moon etc.

Using water colour paints cover the page and all of your fabulous drawings and watch what happens.

We would love to see your pictures on EExAT!

Next week you will receive the final set of challenges before the summer holiday. Thank you so much for all the lovely updates on EExAT and all of your effort and hard work to ensure your child has continued to access learning at home. You have been amazing!

Take care and stay safe. Mrs Kennett and Miss Taylor.
