

Water Lily Class

December 2020

We have been very impressed with the children's attitude to learning over the last topic of Mighty Metals. Their enthusiasm was infectious!

Our next topic is called 'Predator' and our wow day will be on Monday 4th January. During the holidays, we would like your child to research a predator and learn about out how it behaves, its habitat and diet. We would like your child to come to school dressed as their chosen predator on our wow day.

Here are some ideas for a tarantula, tiger and an eagle.

Some useful links for your research:
