

Water Lily Class April 2021

Dear Parents,

As part of our R.E. work, we have been learning about the lives of children around the world. We have formed a school partnership with a Christian school in Dodoma, Tanzania, through a local charity, the Tanzania UK Trust.

TANZANIA (UK) TRUST

Registered Charity No. 1133490

www.tanzaniauk.org.uk So far, I have written one letter to the head teacher of 'Wisdom School' and we have received our first reply, including beautiful

group photos and videos of the children in the school.

We can't wait to reply to the children. We would like, with your permission, to include some group photos and short videos of us, our work and play at school here in the UK. To keep Waterlily class children safe, only the class name would be used so no child would be individually identifiable. I hope you will allow your child to be part of the photos and clips in this exciting correspondence by returning the slip below to Mrs Mackey.

(This autumn, we arranged for 47 new fleece school cardigans to be sent to Wisdom School. We are now collecting reading spectacles for the village health centre for distribution to the community. Please send in any to school that you don't need, complete with prescription and case. Thank you.)
