

## Hope in Christ School, Ghana

## Wisdom School, Tanzania

These are the two schools that Tulip class are writing to in Africa. They email us letters, photos and videos. Please give permission for us to include photos and videos of the children in Tulip Class when we reply. No individual names or details will be given. Please see the online permission survey on our class page on the school website. Thank you very much.

(More information about the two schools can be found out on our school website's Christian Values - Courageous Advocacy pages.)
