

**EYFS - Development matters - Expressive art and design 0-3** Notice patterns with strong contrasts and be attracted by patterns resembling the human face. Start to make marks intentionally. Explore paint, using fingers and other parts of their bodies as well as brushes and other tools. Express ideas and feelings through making marks, and sometimes give a meaning to the marks they make. Explore different materials, using all their senses to investigate them. Manipulate and play with different materials. Use their imagination as they consider what they can do with different materials. Make simple models which express their ideas. **3-4** Explore different materials freely, to develop their ideas about how to use them and what to make. Develop their own ideas and then decide which materials to use to express them. Join different materials and explore different textures. Create closed shapes with continuous lines and begin to use these shapes to represent objects. Draw with increasing complexity and detail, such as representing a face with a circle and including details. Use drawing to represent ideas like movement or loud noises. Show different emotions in their drawings and paintings, like happiness, sadness, fear, etc. Explore colour and colour mixing. Show different emotions in their drawings - happiness, sadness, fear, etc. Explore, use and refine a variety of artistic effects to express their ideas and feelings. Return to and build on their previous learning, refining ideas and developing their ability to represent them. Create collaboratively, sharing ideas, resources and skills.

**KS1** - Pupils should be taught: - to use a range of materials creatively to design and make products - to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination - to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space ♣ about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.

**KS2** - Pupils should be taught to develop their techniques, including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design. Pupils should be taught: ♣ to create sketch books to record their observations and use them to review and revisit ideas ♣ to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay] ♣ about great artists, architects and designers in history.

Tone is the lightness or darkness of a colour. Pencils can create lines of different thicknesses and tones and can also be smudged. Ink can be used with a pen or brush to make lines and marks of varying thicknesses, and can be mixed with water and brushed on paper as a wash. Charcoal can be used to create lines of different thicknesses and tones, and can be rubbed onto paper and smudged. <b>Use the properties of pencil, ink and charcoal to create different patterns, textures and lines, and explore shape, form and space.</b></p> <p>Spring term Rain and Sunrays 2022-2023 Spring term Flower Head 2023-2024</p>	<p>Hatching, cross-hatching and shading are techniques artists use to add texture and form. <b>Add tone to a drawing by using linear and cross-hatching, scumbling and stippling.</b></p> <p>Summer term Distortion and abstraction and Bees, Beetles and Butterflies 2022-2023 Spring term Ammonite/People and places 2023-2024</p>	<p>Pen and ink create dark lines that strongly contrast with white paper. Pen and ink techniques include hatching (drawing straight lines in the same direction to fill in an area), cross-hatching (layering lines of hatching in different directions), random lines (drawing lines of a variety of shapes and lengths) and stippling (using small dots). Light tones are created when lines or dots are drawn further apart and dark tones are created when lines or dots are drawn closer together. <b>Use the properties of pen, ink and charcoal to create a range of effects in drawing.</b></p> <p>Beetles and Butterflies 2022-2023 Spring term Ammonite/People and places 2023-2024</p>	<p>Ink wash is a mixture of India ink and water, which is applied to paper using a brush. Adding different amounts of water changes the shade of the marks made. Ink wash can be used to create a tonal perspective, light and shade. <b>Use pen and ink (ink wash) to add perspective, light and shade to a composition or model.</b></p> <p>Beetles and Butterflies 2022-2023 Spring term Ammonite/People and places 2023-2024 Summer term Mixed Media/Expression 2024-2025</p>	<p>Line is the most basic element of drawing and can be used to create outlines, contour lines to make images three-dimensional and for shading in the form of cross-hatching. Tone is the relative lightness and darkness of a colour. Different types of perspective include one-point perspective (one vanishing point on the horizon line), two-point perspective (two vanishing points on the horizon line) and three-point perspective (two vanishing points on the horizon line and one below the ground, which is usually used for images of tall buildings seen from above). <b>Use line, tone or shape to draw observational detail or perspective.</b></p> <p>Beetles and Butterflies 2022-2023 Spring term Ammonite/People and places 2023-2024 Summer term Mixed Media/Expression 2024-2025</p>
